ST. BERNARD MAKES CHANGES

**Geo. C. Atkinson, Vice Pres. and
Treas. Dan M. Evans Secre-
tary at Wednesday
Meeting.**

**JAS. R. RASH RESIGNS AS MERCHANT
TO BE SUCCEEDED BY W. R. COIL**

The regular October meeting of directors of the St. Bernard Mining Co. was held in the offices of that company Wednesday. Mr. John B. Atkinson, president of the company, has not yet returned from his New Jersey home and was not present, but sent written reports and recommendations and greetings to the meeting. Directors present at the meeting were: Messrs Julian F. Gracey, Clarksville; J. Harry Howe, Louisville; Geo. C. Atkinson, Jas. R. Rash, Paul M. Moore and Dan M. Evans, Earlinton. Aside from the routine business of the company some changes are announced in the officials of the company. Mr. Geo. C. Atkinson, who has been secretary and treasurer of the present company since its organization and who was for many years secretary of the St. Bernard Coal Co., the former organization, was elected vice-president and treasurer. Dan M. Evans, who has been connected with the concern since his boyhood and began as a trapper, fired a furnace and did other work, later becoming a practical pick-miner, was elected secretary. Mr. Evans entered the offices of the company twenty-seven years ago, on October 4th, 1883 and has since that time acted as bookkeeper, accountant, cashier and assistant to the secretary.

Mr. Jas. R. Rash tendered his resignation as merchant for the company, to take effect November 1st, after the expiration on Oct. 24 of forty years of continuous service to the company, in various capacities, dating from his boyhood, when he began work for the company as coal weigher for one dollar a day, walking to his work from Madisonville. A few months later he took position in the company store at Earlinton. Afterward he became the merchant at St. Charles; represented the company at Louisville when the Louisville agency was established; returning to St. Charles and Earlinton and succeeding Mr. T. J. McEuen as merchant here upon the latter's death in June 1885.

Mr. Rash's resignation had been tendered to the president of the company prior to the meeting, but announcement was not

made until Wednesday's meeting. Mr. Rash will continue actively his connection with the company as chairman of the committee on real estate, which branch of the business he has familiarized himself for years past.

Mr. Rash is to be succeeded as merchant for the company by Mr. W. R. Coil a successful and popular Earlinton merchant, who has been lately closing out his stock of goods and is now on a vacation trip in the far west. News received is that Mr. Coil will return to Earlinton about October 30th and will assume the duties of his new position on November 1st.

Mr. John B. Atkinson is expected home some time in November, probably early in the month. He is reported as much improved in health.

COL ALBERT TOOMBS

Makes Some of the Madisonvillians see Sights and Dream of Wonders.

Col. Albert Toombs, of Earlinton, spent Monday night with J. E. Fawcett, of Madisonville, and gave a crowd of our young people an interesting treat looking at the moon through his fine telescope. The instrument magnifies 188 times and was constructed by Col. Toombs. Just at this time the moon is in the best condition to be seen as it is not too full and looks better. Some of the party thought it looked like a mass of melted iron that had been allowed to run out to a thin edge and cool, others claimed they could see dark caverns in it and one young lady found the man in the moon.

The Colonel had quite a number of curious and interesting tricks and kept the crowd busy with strings, matches, paper and pencils until a late hour. In the party were Misses Margaret and Louise McPherson, Metabath Sory, Agnes Bailey, Inez Engel, Hazel and Lucy Fawcett and Messrs Lyle Robinson, Herschel Logan and Chas. Lynn.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:

It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlinton, Morton Gap, St. Charles and immediate vicinity is through the medium of the Earlinton Bee. A hint to the wise is sufficient.

The Louisville Bar Association favors an amendment to the State constitution providing that appellate and circuit judges shall hold office during good behavior until they are 72 years old and then be retired on three-quarters pay. Something of that kind we need very much in these United States. The judiciary should be relieved of the menace and the temptation that may come from fear of a constituency.

Good Show at Electric Theatre.

GOOD NEWS

Many Earlinton Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Earlinton are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experiences with the Old Quaker Remedy. Here is an example worth reading:

John Franklin, Earlinton, Ky., says: "For three years my kidneys were disordered. When I stopped or lifted, sharp twinges darted through my loins and there was an almost constant pain in the small of my back. I tired easily, frequently suffered from headaches and was also bothered by dizzy spells. I was caused additional annoyance by too frequent passage of the kidney secretions. It being necessary for me to arise several times during the night, I finally procured Doan's Kidney Pills and received such prompt relief that I continued taking them until I was completely cured. I cannot recommend Doan's Kidney Pill highly."

Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your windows open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

AD-TALK

What would you think of a salesmen who reported for duty one day, lay off for two, worked a half day, went off for a week and so on without any regularity? Surely you would not expect good service from such a man. And yet some merchants still "advertising," which is simply "salesmen," do great results when it is allowed to work very irregularly.

The fact that advertising costs money is proof of its value. Things without cost are usually worth only their price.
